

Key Learning Objectives

Prepare an effective presentation in a short time

- Engage with your audience to build trust and credibility
- Get your message across through effective eye contact and body power

Speak with Confidence

Course Description

A practical, high impact, presentations workshop. This engaging and fun workshop fast tracks the key techniques used by confident business presenters.

Learn a simple methodology to take you from preparation to delivery. Quickly structure your ideas and connect them with your listeners. Your trainer combines hands-on exercises with interactive role plays. While, on-the-spot, video analysis provides immediate feedback in a truthful learning environment.
