1. TEAMSWORK

We are a people development service and solutions company with our R&D Center in the UK and associates around Asia Pacific.

Since our establishment, corporate social responsibility has been a key value. In previous years we have donated 10% of our profits to educating orphans and helping old folk in the winter.

This year we are asking all our clients to select charities, which they would like to support. We pledge the first 10% of revenue to be donated to these charities.

As we continue to work with the best and brightest executives in China, it is worth remembering that even more work needs to be done to help the talent in the towns, villages and communities around China.

Please contact us to find out more about the wonderful causes we are supporting this year. Call Warwick on 021 6101 0486.

2. The purpose of this newsletter is to

Help you make the small, practical changes to your communication and leadership style that result in big improvements in your personal and working effectiveness. All the tips and stories are tried and tested. We believe in walking our talk. All these tips have supported major personal and career improvements. If you commit to take action and are motivated enough to see them through, you will see big changes in your life.

3. Toastmasters in China

I am currently Chairman for Toastmasters in China. Toastmasters is a non profit organization with an 80 year history of helping people improve their communication skills, develop leadership abilities and overcome the fear of speaking in public.

A Toastmasters program is a very effective way to develop young managerial talent into confident presenters. Microsoft, Dell and Intel have all set up clubs in Shanghai.

For more information on Toastmasters see <http://www.toastmasters.org> or <http://www.tcofchina.org>

4. Learning Tip of the month

Catch up on the latest people development issues here. This month's topic is "Coaching your way to success". See it in full here

7. ABOUT WARWICK

I am a totally passionate public speech coach who gets results.

I help business executives & entrepreneurs to acquire, demonstrate and retain the tools, techniques and strategies to take their connecting, influencing and motivating skills to a higher level.

I work with ambitious, driven and energetic people who see the benefits of having more confident public speaking skills.

I am offering you the chance to work with one of Asia Pacific's most dynamic speaking coaches who will go the extra mile to ensure you have the edge when you are standing in front of that next high pressure presentation.

I would like to express my thanks and gratitude for having you in my network and on my newsletter list.

I enjoy connecting people and helping people grow and expand their skills. More can be done through sincere cooperation than through competition.

Helping teams grow,

Warwick John Fahy
